Wednesday

Dear Harold,

When I wrote you yesterday I was blabbing so much about the house almost being blown up, I failed to give you the information you wanted.

In the 1963 telephone book, there is such a listing:

Castorr L Robt Col
12016 Fieldwood
AD 9-2502

In the map he lived in the northwest part of the town.

In the criss-cross directory (and they are so hard to figure out) he has an * which I think means business address or location. In the wealth ratings his area is classified as "D" (medium low zone).

Hope this helps a little.

As always,

L. G.
